

The American Indian Health Commission is starting a book club! Are you interested in reading more books by Native authors? Do you want to spend more time in community with others discussing themes such as reciprocity, Indigenous food sovereignty, maybe some poetry? Our book club is for you!

AIHC Book Club will meet every other month for about 2 hours to discuss a pre-selected book. We will always post about upcoming meetings and selected books on our social media, but to find all the details of what's coming next, plus discussion points and reading prompts, please join our book club [here](#).
