Vicki Lowe, AIHC Director, Honored by Representative Lekanoff

From Rep. Lekanoff:

“In my community, and in all of your communities, we know how important those people are. The ones who step forward to serve. We as Native American people, especially our aunties and our women – we know no other way.

For me, I wouldn’t be able to address this crisis in Washington state and in saving lives without the help of Vicki Lowe.”
