DRAFT

INTRODUCTION

In (Month, Year), the _____ Health Departments and _____ Tribes executed the _____ Regional Tribal-Public Health Collaboration and Mutual Aid Agreement. All parties to this Agreement recognize that public health emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential for the protection of lives and for best use of available assets. The intent of the Mutual Aid Agreement (MAA) is to make equipment, personnel and other resources available to other parties to the Agreement. The Agreement provides for mutual assistance among the Parties in the prevention of, response to, and recovery from, any public health emergency.

In order to operationalize the MAA, the Parties have developed the _____ Tribal-Public Health Collaboration and Mutual Aid Plan for the _____ Region (MAP) pursuant to the authority set forth in Article I of the MAA. The MAP sets forth standard operating procedures for Mutual Aid in the form of checklists and other resources.

HOW TO USE THIS MUTUAL AID AGREEMENT PLAN

Completion of Checklists. The MAP contains several checklists to be completed by all parties. Part One of the MAP is a checklist that establishes important steps for **ALL** parties to complete prior to a public health incident. Part Two provides a checklist for the **Requesting Party** to complete at the time of the public incident or emergency occurs. Part Three provides a checklist for the **Responding Party** to complete upon receipt of the Requesting Party's request for assistance. Using the checklists provided, the Requesting AND Responding Parties must complete the Tribal-Public Health Mutual Aid Request Form to execute the Mutual Aid process.

Amendments to the MAP. The Parties may review and amend this MAP, as deemed necessary. However, changes to the MAP must be consistent with the MAA. Inconsistencies or conflicts between this MAP and the MAA, if any, shall be resolved in favor of the MAA.

Referring to the MAA. The Parties should refer to the MAA for issues not addressed in the MAP. Definitions of terms found within the MAP may also be provided in the MAA.

Regular Exercises and Training. The Parties will incorporate this MAP into their regular exercises and trainings as deemed appropriate.

IMPORTANT REMINDERS

1. **Ask for Help and Offer Help Early.** Jurisdictions that need assistance usually wait too long to ask for help. For this reason, all parties are encouraged to reach out and offer assistance to other Parties affected by an incident before being asked. All Parties are encouraged to accept assistance from and/or coordinate with other Parties as early as possible during an event.
2. **You Don't Need to Know All the Solutions to Ask for Help.** Identifying exactly what type of assistance is needed takes time. Ask for assistance early, even if you don't know the specific resources or aid that you need. Responding Parties can assist in determining what type of assistance is appropriate and available.
3. **Responding Parties Can Withhold or Withdraw Assistance as Needed.** A responding member jurisdiction may exercise discretion in withholding or withdrawing requested assistance at any time and for any reason.

PART ONE: **ALL PARTIES** - CHECKLIST TO BE COMPLETED **BEFORE** PUBLIC HEALTH INCIDENT/EMERGENCY

1.1	<input type="checkbox"/>	Create an Online Mutual Aid Agreement Access Site. Parties will agree upon an online site location (e.g. Dropbox, site hosted by a state agency, site hosted by one of the MAA parties, etc.) for storing the most recent Mutual Aid Agreement, Mutual Aid Plan, Tribal-Public Health Mutual Aid Request Form, Contacts Lists, Parties' Emergency Operations Plans, and other related documents.
1.2	<input type="checkbox"/>	Update the Online Mutual Aid Agreement Access Site Regularly. Parties will agree upon individuals responsible and procedures for updating the Online Mutual Aid Agreement Access Site on a regular basis.
1.3	<input type="checkbox"/>	Designate MAA Authorized Representatives. The Authorized Representative is the person or persons designated by each Party to request assistance from or grant assistance to another Party. Each Party will assure this role is reassigned when there is staff or government turnover, and will update their Contacts List on the Online Mutual Aid Agreement Access Site, per agreed procedures.
1.4	<input type="checkbox"/>	<p>Create a Contact List. Each Party will create, post on the Mutual Aid Agreement Access Site, and maintain current a Contacts List of key individuals. This list must be maintained year-round; before, during, and after incidents. Lists will include contact details (e.g., name, title, email address, fax number, phone numbers, etc.) for, at minimum, the following.</p> <p>For Tribes:</p> <ul style="list-style-type: none"> • Tribal Chair • Tribal Health Director • Tribal Public Health Emergency Coordinator • Tribal Medical Director and/or Clinic Manager • Tribal Emergency Manager • Contact for Parties to Submit Aid Requests to the Tribe • Contact for Submitting Invoices to Tribe <p>For Local Health Departments:</p> <ul style="list-style-type: none"> • Local Health Officer • Local Emergency Response Coordinator • Regional Emergency Response Coordinator • Contact for Parties to Submit Aid Requests to the Local Health Department • Contact for Submitting Invoices to Health Department
1.5	<input type="checkbox"/>	Complete Public Health Emergency Laws and Codes Chart (Appendix B) and Post on Online Mutual Aid Agreement Access Site. In anticipation of and prior to activating this MAP, the Parties will consult with one another as to whether the tribal government has adopted tribal codes related to specific public health emergency responses, and what specific laws, including but not limited to Washington State statutes and regulations, the tribal government may adopt temporarily for the purpose of taking action and responding to an emergency. To facilitate this process, each Party will complete the Public Health Emergency Laws and Codes Chart (Appendix B) and will post it on the Online Mutual Aid Agreement Access Site.
1.6	<input type="checkbox"/>	Draft Template Resolution Granting Temporary Authority and Adoption of Public Health Law(s). Each TRIBE will create a template Resolution Granting Temporary Authority and Adoption of Public Health Law(s). This will allow for minimum effort in composing a specific

		resolution during an incident. A list of public health laws that a TRIBE may choose to adopt temporarily is found in Appendix B.
1.7	<input type="checkbox"/>	Execute Health Department Resolutions Establishing Authority to Accept Tribal Grants of Authority. The Boards of Health governing the Party Health Departments have adopted resolutions establishing their respective health officer’s authority to accept tribal grants of authority under the Mutual Aid Agreement and posted copies of the executed resolutions on the Online Mutual Aid Agreement Access Site. (An example resolution is provided in Appendix D.)
1.8	<input type="checkbox"/>	Determine Procedures for Reporting Personnel Injury/Death Incident. The parties will determine which personnel injury/death incident forms they will utilize and the process for reporting incidents. (NOTE-Discuss whether to create a form for the Requesting Party to complete upon an injury incident.)
1.9	<input type="checkbox"/>	Schedule Annual Mutual Aid Agreement Training and Simulation Exercises. Parties will coordinate and collaborate to provide, at minimum, one annual training opportunity and one exercise to maintain staff competency and understanding of the MAA. Parties will exchange their emergency preparedness plans, and other documents that may be beneficial in preparing the Responding Party personnel to respond to a request for Mutual Aid Assistance.

Forms that apply to this Section include:

1. Mutual Aid Request Contacts (See Appendix A)

A Local Mutual Aid Team (LMAT) serves as a coordination and communications point that manages assistance requests and activities under the MAA across the region during disasters. It is used to improve efficiency and reduce the workload on Requesting Parties and other MAA Parties affected by the incident.

The need for an LMAT, and the individuals who serve on it, are determined in consultation between the Requesting Party and the Responding Party(ies). The LMAT can meet in one of several locations: 1) online meeting space, 2) DOH EOC; or (3) a designated regional location.

The LMAT will:

1. Establish communications with the Requesting Party to determine resource needs
2. Schedule and facilitate daily or as required conference calls among Parties to the Agreement and State DOH
3. Resolve any policy and procedural issues that arise related to activation of this MAP
4. Be prepared to deploy one or two individuals to DOH EOC if the LMAT is not initially located at the DOH EOC and it is necessary to make location changes midway through the response
 - a. The LMAT will make travel arrangements if travel is required
5. Assist Requesting Party in identifying or defining needed resources
6. Assist Requesting Party in completing Mutual Aid Request Forms
7. Coordinate requests for Mutual Aid Assistance with Parties across the region via conference calls, email, or other means
 - a. The LMAT will send lists of identified resource needs, stating a specific period of time in which Parties must respond to the LMAT regarding whether they can address identified needs.
8. When the LMAT determines that a Party can meet an identified need (thereby becoming a Responding Party), the LMAT will connect the Responding Party directly with the Requesting Party
 - a. The Parties will then complete the request Mutual Aid Request Form, with copies to LMAT
9. Track the status of Mutual Aid Assistance missions and resources, and disseminate updates to all Party representatives throughout the response
10. Notify Parties and State DOH when resources available through Parties are depleted or likely to be depleted
11. Coordinate with State DOH throughout the LMAT activation
12. Maintain all appropriate documentation of LMAT activities
