

# FPHS EPR SME Workgroup

Emergency Preparedness & Response (EPR) (All Hazards)

## Meetings held via MS Teams

11:00am – 12:00pm  
4<sup>th</sup> Tuesday of each Month

The **FPHS EPR Subject Matter Expert (SME) Workgroup** is tasked with providing Emergency Preparedness and Response recommendations to the FPHS Steering Committee and monitoring implementation of any FPHS EPR investments. The workgroup develops, reviews, and offers for consideration proposals to the steering committee that would support FPHS definitions for emergency preparedness and response. If proposals are funded by the Steering committee, the workgroup monitors implementation and shares the progress with SMEs from across the FPHS system and supports annual reporting.

Participation is welcomed from professionals involved in any of the four aspects of the Washington State governmental public health system (State Dept. of Health, State Board of Health, Tribes, and Local Health Jurisdictions). Current participation includes LHJ PHEP leads, LHJ PHO, LHJ Administrators, AIHC staff, NWP AHB staff, Tribal representatives, DOH ORHS staff and FPHS staff.
